

“Square dancing has changed my life drastically. If I never learned how, I wouldn’t be the same person I am

today. I gained grandparents, when I lost mine; gained another family that will be a part of my life forever.”

Lenka

“My friends told me there were classes starting and I keep dancing because its enjoyable and I get to meet new people.”

Terri

“Square dancing is a great way to challenge myself. Since becoming a caller, I look forward

to thinking up interesting choreography for people to dance to. Square dancing, and square dance calling, have also given me the opportunity to travel throughout most of the United States!”

Hunter

Square and round dancing is available in almost every country in the world. To find square dancing near you, go to www.youthsquares.org

MY TEAM SPORT IS...

DANCING

"I was never into square dancing at first but, after my parents 'wrangled'

me into a free lesson, I loved the people and the encouraging atmosphere they brought, especially when I decided I wanted to learn how to call."

Elise

"I came to square dancing because my family has been dancing for a long time and I'm a 4th generation dancer. It is so much fun and I get to meet new people."

Katie

"I first started dancing in middle school. I use to tell friends it was "family night" because I was embarrassed to tell them I square danced, but it didn't take long to realize how much fun it could be and I started dragging them along. It's like solving a puzzle that is constantly changing. That is why after dancing for only a couple months I started calling dances."

Justin

"It's fun and invigorating."

Eden

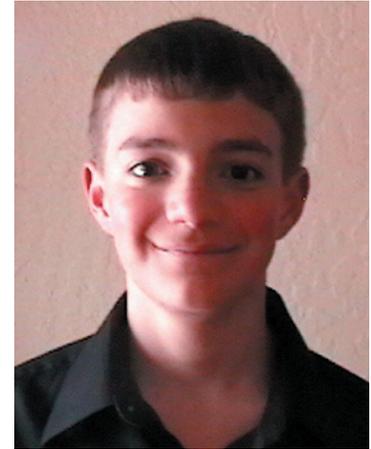

"I began dancing because my family danced and I keep coming back because it is so much fun!"

Ashley

"It's fun! I love traveling to festivals and being involved in an activity that is thought of as an "adult activity". It is a great place to meet lots of fun people."
